CISD Plan Approved

Receipt of an official letter of approval for Cameron's plan of "freedom of choice" desegregation in district public schools has been received.

Supt. D. R. Dodson has notified Cameron school board members, who met in a special called meeting Monday, that a letter from Francis Keppel, Commissioner of Education, Washington, D. C., officially approved CISD's plan.

In the board meeting Monday night, Cameron District trustees authorized purchase of the Joe Anderson residence, 702 E. Seventh St., for $17,500, as a "teacherage" to be rented by Supt. Dodson.

Board members for some weeks have sought a residence for the new superintendent and his family to live in. In the last meeting, the Board discussed remodeling and enlarging the small residence now owned by the school district near Yoe Campus. Cost estimates ran from $5,000 to $6,000 or more, officials said.

Dodson has been staying in Milam Motel and his family in Honey Grove.

Payment will be made through "incentive aid" from Texas Education Agency, Austin. No local tax money will be used in making the self-liquidating purchase, officials said.

Board members also authorized employment of two additional teachers, Mrs. Gertrude Strange, elementary teacher, formerly of Waco, and Norwin Hughes, for junior high social studies.

The CISD system still is seeking a high school math teacher and two special education teachers.

The board also set August 30 as the date for the budget hearing for the proposed 1965-66 CISD budget.

Dodson told The Herald that local funds in the total budget would be about $17,000, about $5,000 more than the $165,000 portion of the district's total 1964-65 budget.

He said, "Due to legislative action on a teacher's pay raise, this district has an additional $8,750 from local funds going to teachers' pay. We are actually operating on $3,750 less for local maintenance."

Approval of the District's "freedom of choice" desegregation plan, Dodson said, makes CISD eligible for aid or grants through the Elementary and Secondary Education Act of 1965 this school year.

About $150,000 under Title I of the Act can be granted the Cameron district and parochial school, when funded.

And about $3,000 under Title II of the Act would be available in the District.

Title I includes funds for education equipment, additional teachers and other items. Title II includes funds for library materials and textbooks.

"Both are to be shared on a per pupil basis," Dodson siad.

Dodson emphasized that the "local effort in school support has to remain the same for the District to stay qualified."

By FML

If encouragement is what is sought in the Cameron area, it should be heartening to know the board interest being shown in Cameron's recent "Town Meeting" efforts.

We mean the outline proposed for the "Cameron Economic Development Clinic" by the Texas Industrial Commission and utility and rail industrial and community development advisors and East Texas Chamber and Texas A&M University experts.

We are young, but we would wager it has been a long time since such a lineup of top-level people have committed their interest and efforts for one Texas town at one time.

It would seem an enthusiastic response to Cameron and Milam County efforts to review the problems they share with numerous other Central Texas counties and try to resolve them.

Coach George Kirk's district champions of '64 have been picked in some quarters in the Top 10 in Texas AA football this year after a perfect loop record in 17AA last fall.

At Tuesday's practice, Coach Kirk had 59 boys out for evening practice and reported that a total of 75 boys are out for football this year, including about 24 freshmen.

That's the largest crop of grid players out for football in many recent years in Yoe football.

A new coach has joined the staff this past week. He is John Wilkins.

Coach Kirk reports that "press day" for the Yoemen will be Friday and we'll join other media writers in getting a complete lineup of the 1965 edition of the Yoemen.

Reception To Fete School Personnel

The third annual Cameron Chamber reception for the administrators and personnel of Cameron Independent School District and St. Anthony School is scheduled Wednesday, Aug. 25.

James D. Camp, chairman of the Chamber education committee, said the reception will be from 5 to 6:30 p.m. Aug. 25 at First Methodist Church Fellowship Hall.

Karen Fontaine

Milam County Farm Bureau Queen Karen Fontaine will compete in the District Queen Contest and Danny Thweatt will represent Milam County in the District Talent-Find at Lampasas August 28. Danny, son of Mr. and Mrs. Vaughn Thweatt, Maysfield, will sing a medley of Texas songs accompanied by Mrs. B. F. Crockett. Miss Fontaine is the daughter of Mr. and Mrs. R. K. Fontaine.

R. W. Wells Succeeds Young On Council; '65 Budget Due

R. W. Wells, Cameron businessman, took his place Tuesday as successor to Councilman Porter Young in a 5 p.m. City Council meeting.

Appointed to the Place 2 Council post, Wells was sworn in Monday evening at the Council budget planning session at City Hall.

Young and his family have moved to Paris, Tex., where he will be public relations director for the radio station there. He has been with Ideal Hatcheries, Cameron, and had previously worked for several years at Radio Station KMIL.

Wells is a Cameron businessman who is co-chairman of the Cameron Industrial Foundation and a former member of the Cameron Independent School District.

BUDGET TIME

In the Tuesday Council meeting, City Secretary Buddy Fuller said the Council spent considerably more time on budget item discussions and heard first reading of the proposed budget for 1965-66.

Fuller said the proposed budget would be about the same total as the present one which included $196,267 for the general fund, $120,200 for the water department, $28,191.50 for the sewer department and $2,137.51 for the municipal swimming pool.

Mayor Bassel Wilson and the Council are working on the proposed budget prior to a public hearing, date for which is yet to be set, Fuller said.

Fuller noted that representatives of the architectural firm of Bentley-Gordon and Associates, Dallas, were in Cameron two days last week, working up maps of sewer and water layout and building permits for a master plan proposal for the City.

A master plan is scheduled to be presented for Council approval prior to plans for the proposed public housing project already given Housing Authority and Council approval.

PLAT APPROVED

Other action in the two-hour Tuesday meeting included presentation by attorney Don G. Humble of a plat for the Allen Addition, property north of US 77-SH 36 in northwest Cameron. The Council approved the plat.

And Councilmen read work reports showing status of sewerline and street projects and maintenance in both street and water-sewer departments.

Dr. C. G. Swift

Dr. C. G. Swift has been appointed Acting Director of the Milam County Health Unit by the State Health Dept. Dr. Swift, who has been in private practice in Cameron since 1936, succeeds Dr. T. E. Crump who has retired.

St. Anthony School Registration Today

Registration for students who will attend Saint Anthony School will be held from 9 a.m. to 12 noon, Aug. 19.

An enrollment of 200 is expected. An additional teacher has been employed, and an additional classroom will be added.

Faculty members employed at Saint Anthony School for the coming school year will be: Sister Mary Relindis, principal, Sister Mary Jeanette, Sister Miriam Joseph, Mrs. R. G. McLeod, Miss Mary Randolph, Miss Katherine Sproull and Mrs. Jerome Darilik.

CISD Students Registration Set

First grade students entering Ben Milam School will be registered from 8 a.m. to 5 p.m. Monday, Aug. 23, according to Herman D. Brown, principal. Brown said that parents registering first graders should bring the child's birth certificate and immunization record to school Monday.

Brown said that the small pox vaccination was required for every child entering first grade and DPT and polio immunization shots were strongly recommended.

New students moving into the school district for 2nd through 8th grades will also register Monday, Aug. 23. Second and third grade students will register at Ben Milam School and 4th through 8th grade students will register at Ada Henderson School. New students are asked to bring their report card from the school they last attended. Brown also asked that they bring a wallet sized picture if available for the Cameron School files.

Brown added that following preregistartion the four 1st grade teachers would draw for students. No students will placed according to parents' request as has been done some years in the past. Brown explained that the system of selecting a teacher caused overcrowding in some classes.

YOE HIGH SCHOOL

Yoe High Principal Frank Kemble urged new students to the Cameron Schools to report to the school at the earliest possible time so that arrangements can be made as to their previous records and subject choices. He added that the office at Yoe High was open every day from 8 a.m. to 4 p.m. except Saturday and Sunday.

All Yoe High School students will register according to the following schedule Kemble said:

Seniors - 9:30 a.m. Aug. 26; Juniors - 1:30 p.m. Aug. 26; Sophomores - 9:30 a.m. Aug. 27; Freshmen - 1:30 p.m. Aug. 27.

Kemble said pupils reporting for registration should bring pen and notebook paper. Registration will include filling out census registration cards, making a copy of the students schedule, homeroom assignment and locker number and receiving instructions concerning school regulations. Pupils will meet in the auditorium at the designated time for registration.

Chairmen Named For Tourist Paln

A tourist development program is being organized by the Cameron Chamber of Commerce.

Five committee chairmen under the proposed tourist program for Cameron have accepted portfolios in the program.

They are: Accomodations and facilities, Dr. George Bowman, points of interest, Miss Mary Belle Batte; new attractions, Richard Williams; clean up and beautification, John Schigut; and courtesy and hospitality, Miss Mildred Thornton.

Tourist development committee chairman is Frank Luecke.

Rotarians Hear Viet-Nam Talk

L. W. Stroup, new Cameron businessman and recently retired lieutenant-colonel in the U.S. Air Force, Wednesday addressed Cameron Rotarians and guests on the war in Viet-Nam.

Guests of Cameron Rotary Club were members of the Milam County Commissioners' Court, the Bell County Commissioners' Court and officers of Elm Creek Watershed. Rotarian Fred Blake introduced his special guests.

Col. Stroup described the shooting war in South Viet-Nam as very real, explaining personal observations seen there in the fall of 1964 on a four-month tour of duty.

SHOULD CONTINUE

He said it was his opinion that the effort in Viet-Nam should be pressed to a successful conclusion or the "little shooting war would continue and spread" to an undetermined conclusion.

Stroup was introduced by James Kahler, president of Cameron Rotary Club.

He recalled the Halloween, 1964, shelling of the Viet-Nam Airfield by a small company of Viet Cong who slipped by the Vietnamese homeguard, killing 15 and wounding 75. And he said that attack destroyed 95 per cent of the U.S. jet bombers on the base at the time and 30 per cent of the Vietnamese planes on the field.

He served as commander of an organizational maintenance group for a U-2 squadron at Bien Hoa.

He also recalled watching groups of planes leaving the field for combat missions, including jet bombers and two different types of combat helicopters.

He described Viet-Nam as a rich, fertile land with a climate capable of producing all kinds of food products, rich in rubber production and dense with jungle.

He said the average Vietnamese man was a little over 5 feet tall, of slight build. And the Colonel said the average Vietnamese family had six or seven children.

5-PART MILITARY

The Vietnamese have tailored their war machine of some half-million men after the U.S. military establishment. It includes V-NAF (air force), the ARVIN, (army), a small Marine detachment, a small Navy and a homeguard, along the lines of the U.S. National Guard or Reserve.

"Gentlemen, there is a shooting war going on in Viet-Nam," he emphasized.

Among guests hearing Stroup's talk were: Bell County Judge Bill Black and Bell Commissioners John Hood Garner, Arthur Cross, Harlin Sutton and Bell County Engineer Kenneth Strange.

And Milam County Judge Don G. Humble and Commissioners Lavert McKinney, Adolph Gresak, Albert Timmerman and R. H. McCasland and Sheriff Carl Black.

And Elm Creek Watershed officers, President Buster Griffin, Secretary E. A. Perrin, Treasurer Edwin Smith of Rogers, and directors, David Haggard of Oneaville and A. A. Stavinoha of Temple.

Firemen To Hear Belton Editor

Jim Russell, editor of the Belton Journal, humorist and noted column writer, will be featured speaker at the Cameron Volunteer Firemens' annual barbeque at 7-p.m. tonight (Thursday.)

Russell will entertain volunteer firemen, their wives, city officials and special guests with the easy humor that has made him a popular speaker.

The 15th annual barbeque will be at KC Hall.

INDUSTRIAL PROGRAM SET FOR SEPT. 14

Cameron will be host to a joint Texas Industrial Foundation community effort for a Cameron Economic Development Clinic Tuesday, Sept. 14.

It will be the first time that Texas Industrial Foundation executives will bring a clinic to a Texas Community.

The Foundation sponsored day-long clinics in 1963 for leaders from cities and towns across Texas in Austin. A group from Cameron attended a TIPS program that year.

Representatives from industrial departments of utilities and railroads and East Texas Chamber of Commerce as well as Harry W. Clark, executive director of TIC, several of his staff and a Texas Tourist Development Agency representative will attend.

Sponsored by the Cameron Chamber of Commerce and TIF, the day-long meeting with Cameron leaders and citizens will be climaxed by a second Town Meeting 7 p.m. Sept. 14.

CLINIC PROGRAM

The program will be:

9 A.M. Bus tour of Cameron for participants

9:50 a.m. "Developing the Tourist Potential of Cameron," presented by Sam C. Godfrey, chief of community relations, Texas Tourist Development Agency, and Howard W. Rosser, manager, tourist development, East Texas Chamber of Commerce.

10:45 a.m. "Is Cameron, Texas, Ready?", by John W. Perryman, director, area development, Lone Star Gas Co., and Coy Stamphill, manager, community development, Texas Power & Light Co.

Noon—Joint Civic Club Luncheon, "The Leaders Roll In Id," by James R. Bradley, head, industrial economic research division, Texas A&M University.

1:30 p.m. "Your Industrial Foundation and the Financing of Industry," by Don R. Raburn, industrial development consultant, Texas Industrial Commission.

1:50 p.m. "Feasibility for Industry in the Cameron Area," by James J. Kelly, assistant executive director, Texas Industrial Commission.

INDUSTRIAL SITES

2:15 p.m. "Industrial Sites and Buildings—Quality, Merchandising and Developing," by Larry S. Milner, industrial development consultant, Texas Industrial Commission, T. A. Blaske, manager, industrial development department, Santa Fe Railroad, and industrial development representative, Southern Pacific Railroad, (not yet announced.)

3 p.m. "Working With Your Allies," by Harry W. Clark, executive director of Texas Industrial Commission.

3:20 p.m. "Finding Prospects for Cameron," by Clark.

3:40 p.m. "Developing the Team Approach," by Stamphill.

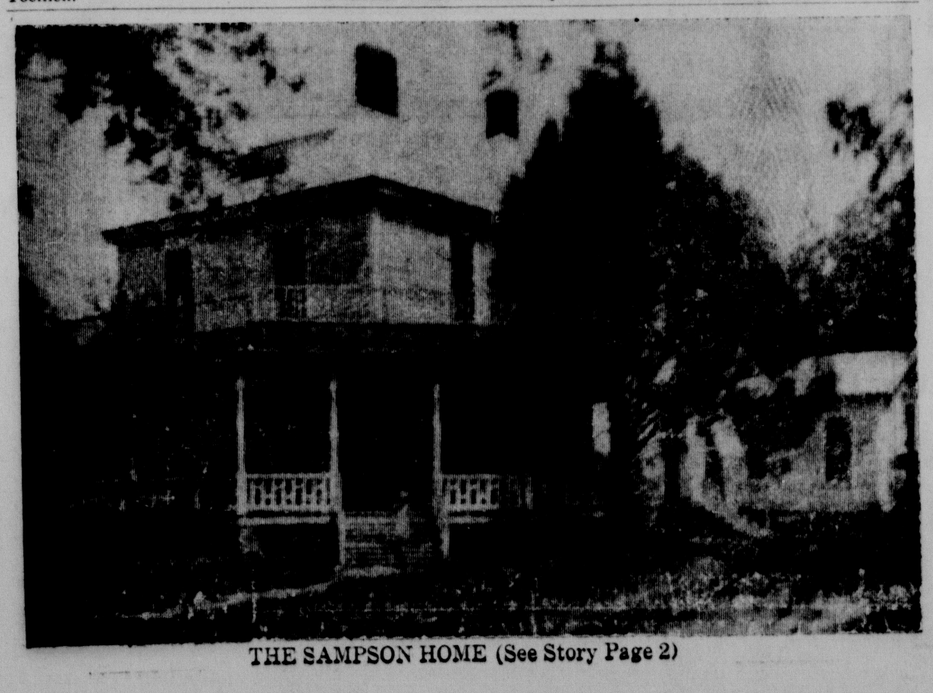

7 p.m. Community Meeting—Harry W. Clark principal speaker on "The Citizens' Role in Industrial Development."

This "Town Meeting" will be the second in Cameron following the first held in June.

Local speakers again will be on the program, being set up by Chairman John B. Henderson Jr. Narvie Caperton, Henry Siebman Charlie Burke and Chamber President Forrest Sapp.

Consideration is being given by Chamber officials to include in the evening "Town Meeting" another question and answer period by some of the day's speakers and a summary report by R. W. Wells chairman of the first "Town Meeting" of what community developments have occurred since the June meeting.

Results of this pioneering effort will be presented at a Texas Industrial Conference which follows the Cameron program and climaxes that week in September.

District Governor

Acers To Visit City Rotary

Rotary District Governor Maurice Acers of Austin will visit Cameron Rotary Club next Wednesday.

He will meet with Club directors Tuesday evening, according to Rotary President James Kahler.

Governor of Rotary District 537, Governor Acers will address Cameron Rotarians at their noon lunch meeting next Wednesday.

He is president of Acers Investment Co., and has served in many capacities during the past 30 years as attorney, FBI agent, businessman and civic leader in state-wide organizations. He has traveled throughout the world.

The District Governor is a graduate of Southern Methodist University, graduate of the University of Texas Law School, and has done graduate work at Harvard University, Cambridge, Mass.

Rotary Gov. Acers

In a career crammed with leadership, Governor Acers headed the Texas United Fund in 1959-1961, and was chairman of the board in 1962.

He is a director of the following: Texas Division of the American Automobile Association; Jefferson County Savings & Loan Assoc., Beaumont; Southwest Research Institute, San Antonio; Texas Law Enforcement Foundation, Advisory Council of the United Community Funds and Councils of America, Inc., among others.

He has been a leader in the Austin Central Christian Church, and numerous civic organizations in Travis County, including educational, civic and fraternal groups.

Kahler urged that Rotarians plan to attend the noon meeting next Wednesday to hear Governor Acers.

Hunt, Fishing Licenses Ready

AUSTIN

One and one-half million "passports to paradise"—that is hunting and fishing licenses—have been put in the mail for distribution to Texas sportsmen.

J. Weldon Watson, executive director of the Texas Parks and Wildlife Department, said that a custom first installed last year has been pursued "with substantial refinements."

This, he said, means that the licenses were mailed a full three weeks before the September 1 beginning of the new state fiscal year.

"It is now up to the mails and then to the 2,500 licensed dealers to serve the sportsmen in adequate time and to avoid delays that occurred in the past," said Watson.

The overall consignment included 775,000 fishing licenses and 736,000 hunting licenses. The present year licenses will be invalid September 1 when the new licenses become effective.

The fishing licenses cost $2.15 to both residents and non-residents. Resident hunting licenses cost $3.15. There is a special $5 five-day non-resident license for hunting migratory birds, including waterfowl and doves.

Persons 17 years of age and under 65 years of age must have the licenses to hunt and fish with some exceptions, explained in the official hunting and fishing digests available shortly at licensed dealers, at Department local offices as well as with game wardens or other departmental personnel.

Blind Bogey Golf Tourney Sunday At Rockdale CC

More than $1200 in professional golf equipment will be given away in the second annual Fall Tournament at the Rockdale Country Club, August 21 - 22.

An 18-hole blind bogey event, the tournament will feature five flights. Medalist will receive a set of irons and the runner-up a set of woods, according to T. A. Weems, director.

First prizes in each flight will be a set of woods, second-place awards will be golf bags and third-place winners will receive a dozen golf balls.

Last year's medalist, Ray Kizer of Austin, holds the course record, a 7-under-par 67. Runner up by one stroke was University of Houston golfer Randy Petri.

Entry fee will be $6 which includes a barbecue beef plate. Personal carts will be permitted and rental carts will be available, Weems said.

Few Season Tickets Available At Baylor

WACO

Baylor has sold nearly 6,000 season tickets for its 1965 home games and still has some of the season books for high seats between the 25 and 30-yard lines.

"We'll keep these season books until Sptember 1 when our sale of single-game, over-the-counter ticket sales begin," said Business Manager Bill Henderson.

Henderson pointed out that buyers of the season books ($20 for each) will have their names on lists of season ticket buyers. This will prove advantageous in future seasons, he pointed out.

Henderson predicts Baylor's largest home crowds will be for the Arkansas night game, October 9, and for the October 30 afternoon homecoming battle with TCU.

Other home games are the September 25 intersectional game with the Washington Huskies, and the November 20 SWC game with SMU's Mustangs.

Joe DeMaggio, Foxx Accept Astro Game

HOUSTON

Two of the greatest hitters in all baseball history, Joe DiMaggio and Jimmy Foxx, have accepted invitations to join the Baseball Immortals for the Old Timers' Day game at the Astrodome Monday, September 6.

The game between the Baseball Immortals and the Texas All-Stars will start at 6:30 p.m. prior to the regular scheduled game between the Astros and Chicago Cubs.

Both members of the Hall of Fame, DiMaggio and Foxx were rated as two of baseballs most devastating hitters and each finished his career with a lifetime batting average of .325.

DiMaggio, who played with the Yankees from 1936 through 1951, holds numerous batting records, including one which may never be toppled—hitting safely in 56 consecutive games in 1941. This streak surpassed Wee Willie Keeler's 19th Century mark of 44 and George Sisler's modern mark of 41 set in 1922.

Many baseball men believe that DiMaggio's consecutive game hitting streak is one record that will be one of the most difficult of all records to break.

Rated as a team man and a player who was at his peak under perssure, DiMaggio was the sparkplug of ten pennant-winners and nine world's championship teams during his 13-year career with the Yanks. During his career "The Yankee Clipper" played in 1,736 games, hit 361 home runs, won the AL most valuable player award twice and copped two batting titles.

J. Barta On Panel 'Church-Youth' At Conference On Crime

James Barta will be on a panel discussing Church and Youth activities for the Attorney General's Youth Conference on Crime in Austin this week. About 1600 delegates and interested individuals will attend the conference. Mark Humble, Cameron, is delegate county correspondent for Milam County.

Barta was selected for the panel for his past work in Catholic Youth organizations. He is a past president of the Austin Diocese Catholic Youth Organization.

Barta is a graduate of Southwestern State Teachers College and will teach history in the San Marcos schools beginning this fall. He is the son of Mr. and Mrs. Alfred Barta, Route 2, Cameron.

Season Ticket Sales High, School Opens 2nd Reserve Section

Yoe High football season ticket sales are ahead of last year according to Frank Kemble, Yoe High principal. The season reserve section has been sold out with the exception of a few scattered seats.

Kemble said a new section of reserve seats has been added to meet the demands for additional season tickets. The additional seats will be in the section just west of the press box.

Kemble also said a new plan is being offered for family groups. Children under 12 years of age may purchase a season reserve seat for $2.50. All season reserve seats for those 12 years of age and older are $5.00.

He added that anyone interested in purchasing season reserve seats should contact his office.

Booster Club Meets New Coaches, Players

The annual Yoemen Booster Club ice cream supper Monday, Aug. 9, drew a crowd of about 100 at City Park.

Coach George Kirk introduced coaches and players to Booster Club members.

Dr. John Martin, secretary, reported that the Booster Club had 87 members and set a goal of 100.

Sampson Home Built In 1890

One of a series on historic homes in Cameron—Ed.

The house known as the T. G. Sampson home first was built about 1890 by Frank M. Crawford. Contractor was Thomas M. Sapp.

After several conveyances among members of the Crawford family, W. F. Crawford sold the property to Thomas G. Sampson, December 11, 1897.

Sampson and his family lived in this house until mid-1919 when it was sold to H. V. Harlan, who in turn sold the property to J. H. Dubois in December, 1920.

Original site on which the house was built was from a tract known as the Reese Addition, itself part of a 100-acre tract owned by J. H. Reese in 1872.

J. H. Dubois owned the home until his death in mid-1935 and his heirs conveyed the home to Conn Miller later that year. Miller and his family lived in the home until his death May 7, 1954.

A number of early Cameron families had lived in the home or had built it.

The Reese family was composed of J. H. Reese, M. M. Reese, J. S. Reese, L. Z. Reese and Dr. J. C. Reese, who operated the drug store known as E. O. Schiller Pharmacy. Dr. Reese was active in business and Methodist church circles, and was at one time a director and stockholder of the First National Bank in Cameron.

The Sapp family included four brothers who at one time or another lived in Cameron: Thomas M. Sapp, builder of the Sampson home and other older homes in Cameron, John W. Sapp, another contractor who later moved to Rosebud and father of John W. Sapp, now living in Cameron; J. H. Sapp, for many years an undertaker with C. N. Green & Brothers and Dr. M. C. Sapp, another physician prominent in Cameron in those years.

Builder of the home, Frank M. Crawford, and his brother, W. F. Crawford, established a private bank in 1893 known as the Milam County Bank. It operated until 1895 when an assignment in bankruptcy caused the sale of assets by T. S. Henderson and A. P. McCord to pay the creditors.

It is said that T. G. Sampson was one of the first, if not the first white person born in the City of Cameron. Local historians recall how as an oldtimer and prominent in the community during his lifetime. He inherited from his father about 2,000 acres out the northeast corner of the Daniel Monroe Survey.

This tract included a large part of the northeast portion of Cameron of that day.

He married Susan Princell McCown, a daughter of another early family. They had four children: James M. Sampson Mattie Sampson, who died in 1899, Fred F. Sampson and Florine (Sampson) Taylor, now a resident of Dallas.

T. G. Sampson and H. F. Smith, father of Oxsheer Smith, and others organized the Citizens National Bank.

H. V. Harlan, father of Mrs. Valter T. White, and a well-known farmer in the Branchville section of Milam County, owned the home for about a year and a half in 1919-1920.

J. H. Dubois, then local agent for Magnolia Petroleum Co., bought the home from Harlan. He and his family were active in the Baptist Church.

And Conn Miller for many years was employed by Santa Fe Railroad here.

These families resided through the years in the house known as the T. G. Sampson home.

'65 Yoemen Will Scrimmage Sat.

Yoe High School's 1965 football players will be introduced at a special scrimmage 8 p.m. Saturday at Yoe Field.

Two teams will be drawn from the Yoe High squad for the special scrimmage, Coach George Kirk reported.

Admission price for the game Saturday will be a bar of germicidal soap to be donated to the athletic department.

Fuchs Named TPIA Officer

Monroe Fuchs of Ideal Hatchery and Breeding Farms, Inc., Cameron, was named second vice president of the Texas Poultry Improvement Association at their convention in Fort Worth last week. He had been named to the Roard of Diecrtors of the association last year.

Fuchs was also named to the Board of Directors of the Texas Poultry Federation at their meeting in conjunction with the TPIA.

Mrs. Fuchs accompanied her husband to the five-day meeting and they were joined later in the week by Mr. and Mrs Leo Fuchs.

Farm Bureau Sends Students To Seminar

Sherri Clore, daughter of Mr. and Mrs. John Schmidt, Cameron, and Paul Edmonds, son of Mr. and Mrs. Ben Edmonds, Cameron, were Milam County Bureau representatives at the Citizenship Seminar in Huntsville August 10-14.

The seminar is sponsored by Texas Farm Bureau to give students a better concept of the American system and to better inform young people on vital matters pertaining to citizenship.

V. L. Angell, president of the Milam County Farm Bureau, said the Farm Bureau would sponsor the seminar each summer and urged high school juniors and seniors with high grades to apply for the seminar next summer. The student must be recommended by his school superintendent. All expenses are paid by the county Farm Bureau.

—MURRAY GO ROUND—

By Tom Murray

"Back To The Old Order For Lean and Mean Aggies."

That interest-grabbing annual, "Texas Football," published by Waco Dave Campbell to the delight of a state full of gridiron schizos, blared the Ag headline above.

Do they mean, "Back to the Old Order" when Bear Bryant won only one conference championship in four years or the bright Homer Norton era when the Brazos Army won three consecutive SWC titles, a National Championship and played in three consecutive bowl games?

Naturally, they were referring to the Bryant regime, which brought the school more genuine headache than all the future Maggies will concoct among those sharpies of Boothill on the Brazos.

And, fewer victories, yet, as we used to say in Schulenburg.

Another slip of the Maroon publicity brush came in Dave's Dandy in the picture of "...nine maroon-jersied Aggies chasing a loose football." TF tells the story of Baby Bear Stallings, the new Aggie Coach, having a mural made of this conga-line like group of Aggies chasing a fumble, which he always vowed to put on his paneled office wall when he got one.

Inference here was that Stallings is convinced this picture depicts what the Aggies want to recall.

What they neglect is to inform readers that the mural behind the Aggie coach depicts not winning, but losing. And, that is something the Aggies are sick of doing.

That patricular picture shows nine Aggies, including two All-American of Bryant pride, filghting with two University of Texas players--on one of UT's weakest teams--for one football. As usual, Texas won the battle for the fumble, after a tough fight.

To be precise, that hallowed Aggie mural is a portion of one of Texas A&M's most humiliating defeats and certainly one of Bear Bryant's most embarrassing afternoons.

For bedraggled Texas, beaten 43-20 by TCU ten days previously, smashed the favored Aggies, 20-7, that day at Kyle Field and allowed the great John David Crow, Jack Pardee, Charlie Krueger, Gene Stallings crew but one lonely first down in 60 minutes of football.

It was one of the SWC's great upsets, coming only ten days after Houston papers grew ecstatic over the Bryant crew scoring three times in the final seconds to beat one of Jess Neely's worst Rice elevens. The year was 1955.

Houston quarterback Walter Fondren led the UT uprising.

The situation at Texas A&M is interesting, and Southwest Conference fans should savor it for all it is worth. For Gene Stallings, a bright young man, is on a very hot griddle.

He must out-Bear Bryant, or he will enjoy no happier departure than Homer Norton, Harry Stiteler, Ray George, Jim Myers or Hammerin' Hank Foldberg. They were, foremind, fired.

The Aggies want to dominate, and that means defeating The University of Texas, Darrell Royal, Bevo, Memorial Stadium, that Orange Tower and all those other unmentionables they have suffered for half a century.

The Great Walker of Water Bryant has never been able to do it, so that's a good job they've pitched on Junior.

The fur shall fly...

Outdoor Tips

Rubber Bands on Trotlines

Trotliners usually tie lines ashore to limber tree branches that will give with the strike of a heavy fish.

In places where there are no branches to tie to, use large rubber bands cut from old inner tubes and tie to a stake driven into the bank.

Protection For Rods

Plastic cement "painted" on the metal surfaces of rods or reels will help prevent the severe erosion problem caused by salt water.

Wire for Sinkers

You can make emergency sinkers out of discarded electrical wire bent to form a loop.

Sinker slides over the catchingest bottoms, yet still gets the bait down.

Silencing the Bow

Why take a chance that even the slightest twang of a bow string might scare game and give away your position?

You can silence your bow string with rubber bands cut from an inner tube. Bands should be at least six inches long and tied top and bottom to bow string about two inches from tip.

County Agent's Notes

Ponds Need Care For Fish Die-Off

By J. D. Moore

According to Wallace G. Klussman, specialist in Wildlife Conservation, the warm, windless days of August and September are the time when Texas fish pond owners should watch their ponds for summer die-off of fish.

All animal life in the pond—fish, insect larvae and worms—are using oxygen 24 hours a day, but oxygen is being replaced by surface absorption from the air and by the release of oxygen from microscopic plants in the daytime in the presence of sunlight. A pond's oxygen is always lowest at daybreak.

If oxygen becomes dangerously low, you will see fish coming to the surface and gasping for air early in the morning. Such distress periods usually occur when water weeds or other organic substances are dying and decaying rapidly and the weather is hot and still. Cloudy, windless days certainly contribute to such an oxygen shortage.

When you have any of these conditions, watch your fish pond each morning between daybreak and sunrise. Fish gasping for air will indicate that unless the water is treated, many fish may die before the day is over or during the next night.

To relieve oxygen shortage, broadcast 50 to 100 pounds of super phosphate per surface acre over the pond. The super phosphate buffers the toxic effects of carbon dioxide and ammonia. it also stimulates the plankton or microscopic plants to give off more oxygen. If you can treat the water soon after the fish show distress, the situation is usually relieved within an hour.

Using outboard motors is often recommended to stir the water and replenish the oxygen supply. This method does work, but it is usually effective only in small ponds. If a pump is available, the water can be pumped from the bottom and sprayed back on the surface of the pond.

It is important to remember that suffocation from oxygen depletion is not the only cause of fish die-offs. Careless use of insecticides when spraying crops or animals can cause fish deaths. This usually happens when sprayed animals are allowed to walk in the fish pond or when run-off water comes from the sprayed area or pen. There is nothing that can be done to correct or stop a fish die-off caused by pesticides other than to pump out the contaminated water while adding fresh water. Since very few owners have such equipment, the easiest and best way to avoid fish kills from chemicals is to consider such possibilities before using any pesticide.

USDA Says Cotton Harvesting Underway Throughout Cen-Tex

Cotton harvesting is just getting underway in Central Texas, with the peak expected to be reached in another two weeks according to the USDA's Consumer and Marketing Service.

Scattered showers interrupted picking operations last week in southern counties. Ginning has been light south of Austin, and only a few bales have been ginned in adjoining counties to the east. Harvesting should start in the northern counties on a limited scale this week.

Approximately three-fourths of the cotton was classed in the White grade categories, with the remainder being Light-Spotted, according to J. B. Russ, Officer In Charge of the Cotton Classing Office in Austin.

A majority of the receipts came from the Upper Coastal Bend, and staple lengths from that area were running 95 per cent--1-1-32 inches or longer. The Micronaire readings were favorable with approximately 94 per cent of the cotton being 3.3 thru 5.1.

Russ said 9,000 samples were classed last week, which brought the season's total to 12,600. This compared with some 31,000 classed at this time last season.

Cattle On Feed Increase Shown

COLLEGE STATION

Recent reports show that United States cattlemen have substantially increased numbers of cattle on feed.

Ed Uvacek, livestock marketing specialist and assistant professor in the Texas A&M University Agricultural Economics and Sociology Department, says the U. S. total on July 1 was 7,531,000 head and 354,000 head in Texas.

This is a 19 per cent rise above year earlier levels in Texas. The north central states are up 5 per cent, and the 32 cattle-state total is higher by 9 per cent.

Uvacek noted a heavier national concentration of cattle on feed in the 500 to 999-pound categories this year. Indications are for slightly later marketings from feedlots.

A time-on-feed breakdown shows considerable more lighter animals this quarter in the nation. This Uvacek added, will probably result in increased marketings for the October-December quarter.

Marketing intentions in Texas from July 1 to Sept. 30 are reported to be 260,000 head, or about 25 per cent more compared to the same period a year ago.

"Our best estimate would indicate that this figure is somewhat over-estimated and that only about 220,000 head will be marketed during that quarter, with the bulk coming later," the specialist said. "Indications are that about 265,000 head, or 31 per cent more cattle, however, will be marketed from Texas feedlots in the last quarter of this year."

CHOLERA OUTBREAKS DROP

The top five hog-producing states cut the number of hog cholera outbreaks in half last year, the USDA has reported. Over 60 per cent of the nation's hogs are marketed from Illinois, Indiana, Iowa, Minnesota and Missouri and they reported only 295 confirmed outbreaks for the year ending on June 30.

LAMB CROP UP 9 PER CENT

The Texas Crop and Livestock Reporting Service reports a lamb crop of 2,816,000 head for the state; up 9 per cent from 1964 but 3 per cent below the 5-year average 1959-63. The U. S. lamb crop for 1965 totaled 17,636,000 head; 2 per cent less than the 1964 crop.

PUBLIC NOTICE

Proposed **CONSTITUTIONAL AMENDMENT**
NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965.

HOUSE JOINT RESOLUTION NO. 5 proposing an Amendment to Section 49-b, Article III of the Constitution of Texas so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Four Hundred Million Dollars ($400,000,000); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so that the same will hereafter read as follows:

"Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Board and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

"The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present.

"The Veterans' Land Board may provide for, issue and sell not to exceed Four Hundred Million Dollars ($400,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Two Hundred Million Dollars ($200,000,000) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for not less than par value and accrued interest; shall be issued in such forms denominations, and upon such terms as are now or may hereafter be provided by law; shall be issued and sold at such times, at such places, and in such installments as may be determined by said Board; and shall bear a rate or rates of interest as may be fixed by said Board but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds may not exceed four and one-half per cent (4½%). All bonds or obligations issued and sold hereunder shall, after execution by the Board, approval by the Attorney General of Texas, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchaser or purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas; and all bonds heretofore issued and sold by said Board are hereby in all respects validated and declared to be general obligations of the State of Texas. In order to prevent default in the payment of principal or interest on any such bonds, the Legislature shall appropriate a sufficient amount to pay the same.

"In the sale of any such bonds or obligations, a preferential right of purchase shall be given to the administrators of the various Teacher Retirement Funds, the Permanent University Funds, and the Permanent School Funds.

"Said Veterans' Land Fund shall consist of any lands heretofore or hereafter purchased by said Board, until the sale price therefor, together with any interest and penalties due, have been received by said Board (although nothing herein shall be construed to prevent said Board from accepting full payment for a portion of any tract), and of the moneys attributable to any bonds heretofore or hereafter issued and sold by said Board which moneys so attributable shall include but shall not be limited to the proceeds from the issuance and sale of such bonds; the moneys received from the sale or resale of any lands, or rights therein, purchased with such proceeds; the moneys received from the sale or resale of any lands, or rights therein, purchased with other moneys attributable to such bonds; the interest and penalties received from the sale or resale of such lands, or rights therein; the bonuses, income, rents, royalties, and any other pecuniary benefit received by said Board from any such lands; sums received by way of indemnity or forfeiture for the failure of any bidder for the purchase of any such bonds to comply with his bid and accept and pay for such bonds or for the failure of any bidder for the purchase of any lands comprising a part of said Fund to comply with his bid and accept and pay for any such lands; and interest received from investments of any such moneys. The principal and interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

"All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund thereafter shall likewise be deposited to the credit of the General Revenue Fund.

"When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

"The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to Texas veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and March 31, 1955, and who upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above-named and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law.

"Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds hereafter issued and sold by said Board may be used by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds.

"All moneys attributable to the bonds issued and sold pursuant to the Constitutional Amendment adopted on November 6, 1956, shall be credited to said Veterans' Land Fund and may be used for the purpose of purchasing additional lands, to be sold as provided herein, until December 1, 1965; provided, however, that so much of such moneys as may be necessary to pay interest on such bonds shall be set aside for that purpose. After December 1, 1965, all moneys attributable to such bonds shall be set aside for the retirement of such bonds and to pay interest thereon; and when there are sufficient moneys to retire all of such bonds, all of such moneys then remaining or thereafter becoming a part of said Veterans' Land Fund shall be governed as elsewhere provided herein.

"All of the moneys attributable to any series of bonds hereafter issued and sold by said Board (a 'series of bonds' being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, to be sold as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds hereafter issued and sold shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the retirement of any bonds hereafter issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein.

"This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary.

"Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature.

"This Amendment shall become effective upon its adoption."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1965, at which election all ballots shall have printed thereon the following:

"FOR the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by $200,000,000.00; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law"; and

"AGAINST the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by $200,000,000.00; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law."

If it appears from the returns of said election that a majority of the votes cast were in favor of same Amendment, the same shall become a part of the State Constitution and be effective from the date set forth in said Amendment, and the Governor shall issue a proclamation in keeping therewith.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution and Laws of this state.

Unique Clinic Sept. 14 . .

A unique community development clinic is scheduled September 14 in Cameron, a first for the town and the state.

Industrial experts from the Texas Industrial Commission, headed by Executive Director Harry W. Clark, will present this experimental program of a day of meetings with various Cameron citizens and leaders.

The experts are coming to Cameron. Then, Cameron leaders will present a second Town Meeting, similar to the June inaugural, climaxed by an address by Clark, a dynamic industrial resource expert who was once national president of the U.S. Jaycees.

Joining with TIC men will be industrial experts of utility, railroad and finance institutions who will tour the community by bus.

Results of the one-day effort will be presented later at a Texas Industrial Developers Conference. The effort in Cameron will likely set the pattern for other TIC meetings in Texas.

Interest will be placed on five main points: community betterment, research and analysis, financing, plants, sites and buildings, and industrial prospects.

The Chamber will be inviting representatives from numerous organizations and areas of the Cameron community during September 14.

Won't you plan to attend?

Rends Much, Settles Nothing . . . .

The anarchy being quelled in Los Angeles, hopefully, will not be repeated.

Such unrest, exploding leaderless and destroying pointlessly, feeds on need, perhaps, but chokes on its own distrust.

If any purpose can be found, we cannot see it. Vindictiveness, pure hate not only damage those who seek to protect themselves from it, but damage those who commit themselves to such a futile outlet from 1965's complexities.

Such domestic revolution (what else can we term it?) reminds us of French Revolution against the French nobility in the late 18th Century. Its symbol became the guillotine, whose victims finally included leaders of the "Committee" which fomented the uprising.

France found a leader and military dictator in Napoleon Bonaparte, who filled the vacuum and sent Frenchmen across Europe and, disastrously, into Russia. And when his armies fell, he was exiled and the monarchy was restored to power.

France, nor Rome nor Los Angeles were "built in a day, to paraphrase the saying. Patience which is the hardest to justify is the patience to understand, in the most piteous or most enviable circumstances, that an explosion rends much and settles nothing.

Airman Fuchs, who learned to repair specialized heating, compressed air and petroleum systems, is returning to his Texas Air National Guard unit at Houston.

The airman, a graduate of Buckholts High School, received his B.B.A. degree at the University of Texas.

Jessie Andrews, the first woman student at the University of Texas, received her B. A. degree in 1886.

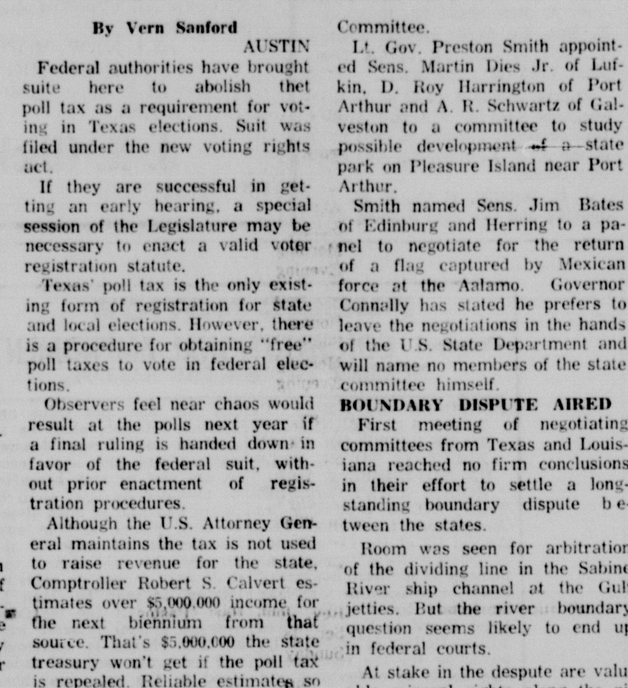

Perrin, Kirkpatrick To Receive Degrees

Mark Wayne Perrin of Cameron and Richard M. Kirkpatrick of Ruckdale are candidates for bachelors' degrees from the College of Arts and Sciences, University of Texas, Aug. 28 at the Summer Session's close.

No public exercises will be held according to Dean J. Alton Burdine.

BEST YEAR SINCE 1953

With realized net farm income at a seasonally adjusted rate of $13.8 billion during the first 6 months--up $1 billion from the rate for the first half of 1964--and harvest prospects generally favorable, realized net income for 1965 may be the highest since 1953.

Suit Challenges State Poll Tax

By Vern Sanford

AUSTIN

Federal authorities have brought suite here to abolish thet poll tax as a requirement for voting in Texas elections. Suit was filed under the new voting rights act.

If they are successful in getting an early hearing, a special session of the Legislature may be necessary to enact a valid voter registration statute.

Texas' poll tax is the only existing form of registration for state and local elections. However, there is a procedure for obtaining "free" poll taxes to vote in federal elections.

Observers feel near chaos would result at the polls next year if a final ruling is handed down in favor of the federal suit, without prior enactment of registration procedures.

Although the U.S. Attorney General maintains the tax is not used to raise revenue for the state, Comptroller Robert S. Calvert estimates over $5,000,000 income for the next biennium from that source. That's $5,000,000 the state treasury won't get if the poll tax is repealed. Reliable estimates so far see the biennum ending with government in the black by only $1,300,000 to $4,200,000 including income from all existing levies.

Atty. Gen. Waggoner Carr has announced he will oppose the federal suit to invalidate the poll tax and to enjoin state and local officials from enforcing its requirements for any general, special or primaryy elections.

Suit seeks to direct Travis County Tax Collector Fritz Robinson and his employees to compile and certify local voter lists "without regard to payment of the poll tax or any other tax."

APPOINTMENTS ANNOUNCED

Gov. John Connally named five public members to the new Legislative Study Committee on Multiple Use and Pollution of All Waters of Texas.

They are Dr. Carl J. Lind Jr., Stone Wells and Charles Sowell, all of Houston, John Clegg of Port Lavaca and Bill Senter of Abilene. Legislative members selected earlier are Sens. Culp Krueger of El Campo, Criss Cole of Houston and Charles Herring of Austin and Reps. Gus Mutscher of Brenham, John Mobley of Kilgore and Dean Neugent of Texas City.

Charles W. Lindsey was the Governor's choice for judge of the new Criminal District Court No. 3 of Tarrant County.

Connally picked Lester Prokopf, Houston builder and lumber executive, to succeed Judge Robert L. Lowry of Houston as a member of Texas State Historical Survey Committee.

Lt. Gov. Preston Smith appointed Sens. Martin Dies Jr. of Lufkin, D. Roy Harrington of Port Arthur and A. R. Schwartz of Galveston to a committee to study possible development of a state park on Pleasure Island near Port Arthur.

Smith named Sens. Jim Bates of Edinburg and Herring to a panel to negotiate for the return of a flag captured by Mexican force at the Aalamo. Governor Connally has stated he prefers to leave the negotiations in the hands of the U.S. State Department and will name no members of the state committee himself.

BOUNDARY DISPUTE AIRED

First meeting of negotiating committees from Texas and Louisiana reached no firm conclusions in their effort to settle a long-standing boundary dispute between the states.

Room was seen for arbitration of the dividing line in the Sabine River ship channel at the Gulf jetties. But the river boundary question seems likely to end up in federal courts.

At stake in the despute are valuable mineral rights along the river, as well as control of fishing and future barge traffic.

Texas contends the middle of the Sabine should be the boundary between the states. Louisiana claims the line was extended to the west bank of the river by the 1803 Louisiana Purchase.

Negotiators agreed to keep trying--perhaps to study possible extension of a federal boundary running between jetties bordering the channel-and to exchange briefs in future meetings.

Land Commissioner Jerry Sadler presided at the initial conference. High State officials and legislators from both states were present.

ENROLLMENTS TO SOAR

Texas Commission on Higher Education forecasts that college and university enrollments in Texas will zoom from 280,106 to nearly 400,000 by 1971.

Enrollments in the state-supported institutions are due to increase. from 168,000 to 240,500.

Nearly all Texas schools report they are short on space for their present students. Predicted increases will affect every one of the existing state-supported institutions, Commission believes.

ATTORNEY GENERAL RULES

In recent official opinions, Atty. Gen. Waggoner Carr has held that:

.A valid surface lease on land being purchased under the state veterans' land program cannot be given in excess of 10 years.

.First assistants and chief deputies in state departments are entitled to reimbursement for actual meals, lodging and incidental expenses while traveling on official business inside or outside the state.

.Employees of the State Highwhy Department who drill or supervise drilling of an occasional water well on land owned by the state do not have to be registered as drillers under new act.

.Unclaimed wages and personal property held in Texas by foreign corporations for persons whose last known address is unknown or outside Texas must be reported to the State Treasurer under escheat statutes.

.Vouchers issued to colleges and universities providing teacher training under a plan approved by Central Education Agency and U.S. Government are valid.

.No refunds may be made by the State Comptroller for unused cigarett tax stamps purchased prior to September 1, 1959.

Waco Public School Sets Evening Classes

The Waco Public Schools' Evening School Division will be held this year again in the Waco High School. Registration for the fall semester will be held at 6:30 p.m., September 2, in the Waco High School study hall.

All prospective enrollees are encouraged to be present as this will count as a night of attendance.

Enrollment fees for this year are $25 for one course and $45 for two courses. All interested persons should contact Lester Baker, Director of the Adult Evening School, Waco High School, Waco.

Water pollution caused by mud and silt in Little River during the flood stage is one of the major problems to overcome in supplying good water to Cameron water users. Mr. Short, Cameron pump station manager, states that muddy water puts extra wear on pumping equipment and requires extra expense on chemicals to clear the water as it comes through the filter system.

Soil Conservation Technicians working with local Soil Conservation Districts report that the silt and mud comes from several sources throughout the watershed. Unterraced cropland with poor cover on the soil surface is probably the main source of silt. Raw, bare gullies in 1 pastures, cropland and road side ditches are another serious source. Overgrazed pastures also contribute to the problem.

Local soil conservation districts sponsor and promote conservation designed to help prevent pollution in our streams caused by erosion. Terraces, grassed waterways, crop residue management and pasture management are being widely used. These practices are expensive to apply and maintain. The public shares to some extent in the cost through the A.C.P. Cost Share program, SCS technical assistance and the F.H.A., Conservation loan program, but the major expense and effort is borne by the land owner. What he does out on the watershed where the water falls determines whether or not our streams and water supply are polluted with mud and silt caused by erosion.

OLD PHILOSOPHER

Dear editar:

According to an inside-dope column I read in a newspaper last night during a repeat television show which I didn't even like the first time, the news has leaked out that many government officials in Washington are using machines to sign their names.

Somebody has perfected a robot that learns how to sign a name exactly like an official signs it, then all the official has to do is dictate a bunch of letters and a secretary hands a fountain pen to the robot and it scratches out the signature. The official can be a thousand miles away while the machine is in his office signing his name to his mail.

This commentator was outraged at the news, claiming it could lead to all sorts of complications, especially if the machine fell into the hands of the wrong person.

Well, I guess it does have its hazards, like raising children, but I have thought about it and have concluded its advantages far outweigh its disadvantage, the same as with children, generally speaking.

Take check-writing. I don't have the exact figures, don't guess anybody has, but there must be at least 10 million government checks written every month in this country, with more being added every time Congress gets a quorum, and without some sort of automatic check-writer, the job would finally get so big that it would take a third of the population full time writing checks for the other two-thirds. With machines taking over, this is eliminated and everybody can have a check.

Automation never has worried me. Personally, any time the government wants to send me a check, you won't find me squawking about whether it was hand-signed or machine-signed. All I want to know is, will the bank cash it.

By the way, if anybody thinks I'm going to come into the Herald office every week and sign my initials to my letter in every subscriber's copy, he's crazy. Me and Washington are living in the machine age.

Yours faithfully,
J. A.

Proposed CONSTITUTIONAL AMENDMENT
NUMBER NINE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965.

HOUSE JOINT RESOLUTION NO. 8 proposing an Amendment to Section 24, Article III and Section 17 of Article IV of the Constitution of the State of Texas, to allow an annual salary in an amount to be fixed by the Legislature for the Lieutenant Governor and for the Speaker of the House of Representatives, and increasing the per diem allowance of Members of the Legislature.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 24 of Article III of the Constitution of the State of Texas be amended to read as follows:

"Section 24. Representatives shall receive from the Public Treasury an annual salary of not exceeding Four Thousand, Eight Hundred Dollars ($4,800) per year. Senators shall receive from the Public Treasury an annual salary of not exceeding Four Thousand, Eight Hundred Dollars ($4,800) per year. The Lieutenant Governor and the Speaker of the House of Representatives shall receive from the Public Treasury an annual salary in an amount to be fixed by the Legislature. All Members of the Legislature, including the Lieutenant Governor and the Speaker of the House of Representatives, also shall receive from the Public Treasury a per diem of not exceeding Twenty Dollars ($20) per day for the one hundred and forty (140) days of each Regular Session and for thirty (30) days of each Special Session of the Legislature. No Regular Session shall be of longer duration than one hundred and forty (140) days. This Amendment shall be self-enacting and appropriations heretofore made in the General Appropriations Bill for the biennium ending August 31, 1967, for the salaries of the Lieutenant Governor and Speaker of the House of Representatives shall not be invalid because of the anticipatory nature of the legislation.

"In addition to the per diem the Members of each House shall be entitled to mileage in going to and returning from the seat of Government, which mileage shall not exceed Two Dollars and Fifty Cents ($2.50) for every twenty-five (25) miles, the distance to be computed by the nearest and most direct route of travel, from a table of distances prepared by the Comptroller to each county seat now or hereafter to be established; no Member to be entitled to mileage for any extra Session that may be called within one (1) day after the adjournment of the Regular or Called Session."

Sec. 2. That Section 17 of Article IV of the Constitution of the State of Texas be amended to read as follows:

"Section 17. If, during the vacancy in the office of Governor, the Lieutenant Governor should die, resign, refuse to serve, or be removed from office, or be unable to serve; or if he shall be impeached or absent from the State, the President of the Senate, for the time being, shall, in like manner, administer the Government until he shall be superseded by a Governor or Lieutenant Governor. The Lieutenant Governor shall, while he acts as President of the Senate, receive for his services an annual salary in an amount to be fixed by the Legislature and the same mileage which shall be allowed to the Members of the Senate, and no more; and during the time he administers the Government, as Governor, he shall receive in like manner the same compensation which the Governor would have received had he been employed in the duties of his office, and no more. The President, for the time being, of the Senate, shall, during the time he administers the Government, receive in like manner the same compensation, which the Governor would have received had he been employed in the duties of his office."

Sec. 3. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday following the first Monday in November, 1965, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment allowing an annual salary in an amount to be fixed by the Legislature for the Lieutenant Governor and for the Speaker of the House of Representatives and allowing a per diem for Members of the Legislature not to exceed Twenty Dollars ($20) per day for the 140 days of each Regular Session and 30 days of each Special Session.

"AGAINST the Constitutional Amendment allowing an annual salary in an amount to be fixed by the Legislature for the Lieutenant Governor and for the Speaker of the House of Representatives and allowing a per diem for Members of the Legislature not to exceed Twenty Dollars ($20) per day for the 140 days of each Regular Session and 30 days of each Special Session."

Sec. 4. The Governor of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

TAKE YOUR PROBLEMS TO CHURCH THIS WEEK

Millions Leave Them There!

AN EXPRESSION OF HOPE

Prayer, silent or vocal, is often the expression of our aims and aspirations—of our hopes. Hope cannot be ours merely through wishful thinking. Hope that endures goes down in the faith that we are living in a universe that is solvent in the hands of God.

Just when it seems there is no plausible reason or explanation as to why the things we do not want to happen do happen — that is the time to stop asking "why" and instead learn how we may best communicate with God, with whom there are no hopeless sitlations.

Hope, grounded on church affiliation and participation established a solid foundation in faith. It has provided such undergirding for countless numbers of men and women whose prayers have been and are effective. It can do the same for us.

Airman Self, now trained to repair jet and turbo-propeller aircraft engines, is being assigned to Laredo AFB. He becomes a member of the Air Training Command which conducts the educational programs necessary to provide skilled fliers and technicians for the aerospace force.

The airman, a graduate of Lott High School, attended Temple Junior College.

TEXAS CALF CROP UP

The Texas calf crop for 1965 is expected to reach 4,667,000, says the Texas Crop and Livestock Reporting Service. This is a 1 per cent increase over last year's crop and is another new record. The nation's calf crop was up less than 1 per cent and has been estimated at 43,119,000 head.

In 1854 the State of Texas purchased 1,280 acres of East Texas Big Thicket at $2 per acre and set it aside as an Indian Reservation.

Classes Start Mon., Aug. 30 At Buckholts

The Buckholts schools will open Monday, August 30, according to Leon L. Brady, Supt. Classes will start at 10 a.m. Buses will operate the first day of school, and the lunchroom will be open.

Registration for new students will be Friday, August 27, from 8:30 until 10 a.m. First graders that registered in May do not have to register again. Mr. Brady said all first graders should have their required immunization records and birth certificates if they have not been turned in.

Brady said they anticipated an enrollment of 155. Last year there were 145 in Buckholts schools. The system desegregated in 1964 with all students attending classes on one campus unit.

The school will have a new bus for the Corinth district and plans are in process for new physics laboratory equipment and materials.

The school calendar is:

August 30	Classes begin
Nov. 25-26	Thanksgiving
Dec. 18-Jan. 2	Christmas
March (1 day)	TSTA Meeting
April 8-11	Easter
May 24	Last Day

FALL TOMATO PLANTS

Home gardeners can use their disease-free, spring tomato vines for fall tomato plants. Simply remove a healthy sucker and transplant it like any you plant with roots. And, reminds Extension horticulturists at Texas A&M University, it's time to begin preparation for fall gardens.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT

NUMBER FOUR ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965.

SENATE JOINT RESOLUTION NO. 14 proposing Amendments to Section 4, 22 and 23 of Article IV of the Constitution of the State of Texas, so as to provide a four-year term of office for the Governor, Lieutenant Governor, Attorney General, Comptroller of Public Accounts, Treasurer, Commissioner of the General Land Office and Secretary of State; and certain statutory state officers; providing for the necessary election and the form of the ballot; and providing for the necessary proclamation and publication.

RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 4, Article IV of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 4. The Governor shall be installed on the first Tuesday after the organization of the Legislature, or as soon thereafter as practicable, and shall hold his office for the term of four years, or until his successor shall be duly installed. He shall be at least thirty years of age, a citizen of the United States, and shall have resided in this state at least five years immediately preceding his election."

Sec. 2. That Section 22, Article IV of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 22. The Attorney General shall hold office for four years and until his successor is duly qualified. He shall represent the state in all suits and pleas in the Supreme Court of the state in which the state may be a party, and shall especially inquire into the charter rights of all private corporations, and from time to time, in the name of the state, take such action in the courts as may be proper and necessary to prevent any private corporation from exercising any power or demanding or collecting any species of taxes, tolls, freight or wharfage not authorized by law. He shall, whenever sufficient cause exists, seek a judicial forfeiture of such charters, unless otherwise expressly directed by law, and give legal advice in writing to the Governor and other executive officers, when requested by them, and perform such other duties as may be required by law. He shall reside at the seat of government during his continuance in office. He shall receive for his services an annual salary in an amount to be fixed by the Legislature."

Sec. 3. That Section 23, Article IV of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 23. The Comptroller of Public Accounts, the Treasurer, the Commissioner of the General Land Office, and any statutory state officer who is elected by the electorate of Texas at large, unless a term of office is otherwise specifically provided in this Constitution, shall each hold office for the term of four years and until his successor is qualified; receive an annual salary in an amount to be fixed by the Legislature; reside at the Capital of the state during his continuance in office, and perform such duties as are or may be required by law. They and the Secretary of State shall not receive to their own use any fees, costs or perquisites of office. All fees that may be payable by law for any service performed by any officer specified in this Section or in his office, shall be paid, when received, into the State Treasury."

Sec. 4. The foregoing Constitutional Amendments shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1965, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendments providing a four-year term of office for the Governor, Lieutenant Governor, Attorney General, Comptroller of Public Accounts, Treasurer, Commissioner of the General Land Office, Secretary of State, and any statutory state officer who is elected by the electorate of Texas at large, unless a term of office is otherwise specifically provided in this Constitution."

"AGAINST the Constitutional Amendments providing a four-year term of office for the Governor, Lieutenant Governor, Attorney General, Comptroller of Public Accounts, Treasurer, Commissioner of the General Land Office, Secretary of State, and any statutory state officer who is elected by the electorate of Texas at large, unless a term of office is otherwise specifically provided in this Constitution."

Sec. 5. Nothing contained in this Resolution shall be construed so as to extend the term of office of any officeholder previously elected to a two-year term.

Sec. 6. The Governor shall issue the necessary Proclamation for the said election and have the same published as required by the Constitution and laws of this state.

THE FAMILY LAWYER

Relatives in Your Home

When Betty's aging mother-in-law moved into the household, no one said a word about money. For the next four years, Betty dutifully performed the various tasks thus added to her chores--including some nursing care. After the older woman died, Betty, backed by her husband, put in a claim against the estate for services rendered.

But another son, fearing a cut in his share, raised an objection.

"Mother never promised to pay for Betty's services," he argued in a court test.

"Not in so many words," conceded Betty. "But a promise should be presumed because of all the extra work I did for her."

However, the court, finding no adequate evidence of a promise-to-pay, denied her claim. And that is the usual rule. The law will not presume, without good reason, that a relative who has joined the household intends to pay for his care.

Of course, special circumstances may convince the court in a particular case that payment was indeed intended. Suppose, for instance, that the services were especially onerous. Or that the relative was especially wealthy. Or that the relationship was a distant one. Or that the extra work would argue that, even though nothing was said, payment--sooner or later--was taken for granted.

But by and large, the courts are wary of these claims. After all, in most cases, the issue arises only after the relative is dead--forever beyound questioning. The claimant might be trying to collect merely as an afterthought, with no prior understanding at all.

Besides, the law is reluctant to find financial motives within the family circle. In one case, a man kept detailed records of his mother-in-law's periodic visits during the last few years of her life. When she died, he presented an itemized bill for his hospitality.

But the court dismissed his claim with this comment:

"It would be a crime against nature and humanity to give to all the courtesies, favors, and visits that are exchanged between parents and children the mercenary quality of dollars and cents."

Rogers Schools Open Sept. 1; New Students Enroll Aug. 23-26

ROGERS

The Rogers Public Schools will open for the new year Sept. 1 from 9:30 a.m. until 2:30 p.m. Buses will run one hour later the first morning and one hour earlier that afternoon according to Supt. B. F. Harbour. The lunchroom will serve meals beginning Sept. 1. Prices will be the same, 20 meals in a ticket for $5.

Pre-registration was held in May for the school system, with elementary students making their choice of schools under the desegregation plan of the district at that time.

New students to the Rogers schools will see their respective principals according to the following schedule:

High School, see J. L. Chervenka, principal; seniors Aug. 23 from 9 a.m. to noon and 1 to 4 p.m.; juniors same hours on Aug. 24; sophomores August 25; freshmen Aug. 26. Also any students with serious conflicts on the schedule mailed them may see him on one of these dates.

Elementary students will see Darwin Schwertner, principal of Rogers Elementary School, August 23 - 26. Students attending Burks Elementary School will see Mrs. Ernestine L. Powell, principal, the mornings of August 23 and 24.

Bus routes will be completely desegregated with eight buses picking up and delivering all students attending the three Rogers schools. The two former all-Negro bus routes have been discontinued. Normally the buses leave about 7 a.m. and return approximately 4:45 to 5 p.m.

The first holiday for this school year will be Labor Day, Sept. 6.

New teachers will be Miss Gwyn Lanier of Temple, May graduate of Mary Hardin-Balyor College as first grade and Mrs. Patricia DeFloria of Bryan, May graduate of Texas Woman's University in Denton, High School English and history. Mrs. Athol Underwood is a new worker added to the lunchroom staff.

Randolph Green of the Cyclone community, Rt. 1, Burlington, was elected by the school board to fill the unexpired term of Anton Necas, deceased.

The administrators are the same, with B. F. Harbour starting his 11th year with the district; J. L. Chervenka, high school principal; Darwin Schwertner, elementary principal; and Mrs. Ernestine L. Powell, head teacher at Burks Elementary School.

Rogers pre-school faculty workshops will be held with the Bell County Unit schools Friday, Aug. 27. Rogers faculty will meet at 9 a.m. Aug. 31, in the cafetorium for a workshop of teachers of all three Rogers schools.

Enrollment in the Rogers schools is expected to be about the same as 1964-1965, with a slight increase in the elementary schools due to a larger than normal first grade class entering. High school will have about 200 students, Rogers elementary about 325; and Burks Elementary about 40.

IT'S A LIVING --by Al Johns

"I'D LIKE TO SEE YOUR SERVICE MAN."

Nola Knows

By Nola White

Dear Nola: I've been working 5 years (I'm 24) and am helping put my two brothers through college. My parents have never allowed me to date or bring company to the house. If I have a date, I must meet him somewhere else and if I go with him more than twice, my parents tell me not to see him again. I'm afraid I'll never have a chance to make friends or get married. What can I do?

—Karen

Dear Karen: Didn't you ever hear of the Declaration of Independence? Any girl who'll work and put her brothers through college deserves every chance at life, liberty and the pursuit of happiness. Since you'll probably never change your parents, your best bet would be to move out and establish a home of your own. Continue to help your brothers if you can, but don't sacrifice yourself on the altar of your family's selfishness.

—

Dear Nola: When I was 7, I fell out of a tree and broke my leg. It didn't heal right and I've been crippled ever since. I'm 20. I never get a break with the girls because I'm crippled. I never get a break, period.

—Bitter

Dear Bitter: I'll say you are! You're blaming all your troubles on your leg when it's your attitude that's crippled. There are thousands of girls in the world who don't give a hoot how you look or how you walk, but want only your friendship, consideration, respect and companionship. Be friendly, be eager to please, and forget your limp. You'll still get some rejections--we all do. But I'll bet you are amazed at the change in other people just as soon as there's a change in you.

—

Dear Nola: Both my husband and I work. When we got married we decided to divide the housework and each do half, but the way things are, I do about ninety per cent of the work. He thinks he's doing half, but he piddles around so on each little job that it takes him forever, and I do 10 times as much in the same length of time. What should I do?

—Disgusted

Dear Disgusted: I assume you have a list of "your" work and "his." Do your work and forget the rest of it. If he never gets it done, that's his worry.

—

Dear Nola: Is there such a thing as love--except parental love? I think it's just sex attraction between men and women and that soon wears off.

—Disillusioned

Dear Disillusioned: Love between men and women usually starts with sex attraction, but believe-it-or-not, real love can and does grow from that beginning . . . a deeper, more satisfying, more eternal love than that of parents for their children. Children grow up and leave, as they are supposed to do. But your husband or wife would be your companion all the way to the grave in a supportive, satisfying relationship of giving and receiving. It's a shame that so few people attain it, but it's worth working for.

SELF ANALYSIS QUIZ

How Are Your Convention Manners?

By Jane Sherrod Singer

Human beings are gregarious. They like to convene, to meet, to discuss mutual problems. This has led to multitudinous conferences, conventions, group sessions, work shops, which may be held close to home or as far as half-a-globe away. These meetings call for a certain set of personal rules. See if your convention manners are correct.

	YES	NO
1. Do you acquaint yourself with the program and adhere to the schedule?	( )	( )
2. During meetings, do you whisper to those around you?	( )	( )
3. Are you prone to take up the speaker's time or to corner the chairman with your own problems and ideas?	( )	( )
4. Are you appropriately dressed?	( )	( )
5. Are you sensitive to the customs of those around you? ?	( )	( )
6. Do you show an interest by good attention, taking notes and being an active participant?	( )	( )
7. Do you have a real reason for attending the meeting?	( )	( )
8. Do you try to remember names of those whom you meet?	( )	( )
9. Do you make an effort to introduce mutual acquaintances?	( )	( )
10. Is your general behavior the very best you know?	( )	( )

DESIRABLE ANSWERS:

All should be YES, except 2 and 3.

1. Latecomers to meetings are irritants. Those who play "hookie" leave gaps in the attendance.
2. Your attention is important to the success of any meeting.
3. Remember, you are just one of many.
4. Conventions, conferences and meetings are usually for business purposes. This is not the time for party clothes or an opportunity to "go native," unless the program calls specifically for such attire.
5. Whether the group session is just across the street or across the border in a neighboring country, you should be aware of the properties of your hosting environment and adhere to them.
6. The success of any meeting depends on YOU. It takes the many you's to make a profitable convention after all.
7. If you have no real reason for going to a meeting, stay home and let someone else go. You are just a burden to the interested group.
8. and 9. If you make an effort to remember new names and to introduce mutual acquaintances, your vistas will be broadened and you will feel a hundred-fold rewarded with new friendships.
10. The greatest enemy to a convention is the member who "kicks up his or her heels." Strangely enough, many people with good manners at home, use conventions to be their worst selves. Teenagers tear up the pillows and break coke bottles - - women flirt at unknown men and men who are models in their own towns revert to savage beasts. If you cannot behave like a lady or a gentleman, don't spoil the meeting for others!

Common Schools of Milam County including Maysfield, Branchville and Burlington.

A plan for the desegregation of our school system has been put into effect so that our schools will operate in all respects without regard to race, color, or natural origin.

The desegregation plan provides that each pupil and his parent or guardian has the absolute right to choose each year the school the pupil will attend. No teacher, principal or other school official is permitted to advise you, or make recommendations or otherwise influence your decision. No child will be favored or penalized because of the choice made.

Registration will take place the week of August 30, 1965 through September 3, 1965 from 8:30 a.m. to 3:30 p.m.

No choice will be denied for any reason other than overcrowding. Anyone whose choice is denied because of overcrowding will be offered his choice from among all other schools in the system where space is available in his grade.

School bus routes will be on a desegregated basis. There will be no discrimination based on race, color, or national origin in any school-connected services, facilities, activities and programs.

CITATION
THE STATE OF TEXAS
TO: Jewel Page and Etta Jean Page, their legal representatives, and the unknown heirs of the said named defendant, greeting:
You are hereby commanded to appear before the honorable District Court of Milam County, Texas, at the Courthouse thereof in Cameron, Texas, by filing a written answer at or before 10 o' clock a.m. on the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 20th day of September 1965, to plaintiff's petition filed in said court on the 26th day of July, 1965, in this cause numbered 15539 on the docket of said Court and styled Mutual Savings Institution, plaintiff, vs Jewel Page, et ux, defendants.
A brief statement of the nature of this suit is as follows:
A trespass to try title suit in which plaintiff for cause of action would respectfully show the Court the following, to-wit: That for a period of more than five years before the commencement of this suit, plaintiff was lawfully siezed and possessed of the following described land and premises situated in Milam County, Texas, holding and claiming the same in fee simple, to-wit:
All that certain lot and parcel of land lying and being situated in the City of Rockdale, Milam County, Texas, and being a part of Block 129 of said City and more fully described as follows:
Beginning at the N. E. corner of said lot in the West line of Rice Avenue 50 feet to the south-feet along the north line to the N. W. corner of this; Thence southerly parallel with the west line of Rice Avenue; Thence westerly 50 west corner of this; Thence easterly parallel with the first line hereof, 50 feet to the southeast corner of this, in the west line of Rice Avenue; Thence northerly tered upon said premises and along the west line of Rice Avenue 50 feet to the place of beginning and being a lot 50 x 50 feet in size out of the northeast corner of the said lot.
That defendants unlawfully enejected plaintiff therefrom and unlawfully withholds from it the possession thereof to its damage. Plaintiff prays for judgment for title and possession of said land and other and further relief to which it is entitled as is more fully shown by the plaintiff's petition on file in this suit.
If this citation is not served within 90 days after the date of its issuance, it shall be returned unserved.
The officer executing this writ shall promptly serve the same according to requirements of law and of mandates hereof and make due return as the law directs.
Issued and given under my hand and seal of said office at Cameron, Milam County, Texas, this the 2nd day of August, 1965. Signed: Grady Allen, District Clerk, Milam County, Texas. 20-4tc
